Supports Vacaville Youth Sports

TOM ZUNINO, A.D.

Message from the VHS ATHLETIC DEPT.

"WE ARE THE BULLDOGS"

JOAN MUMAUGH, A.D.

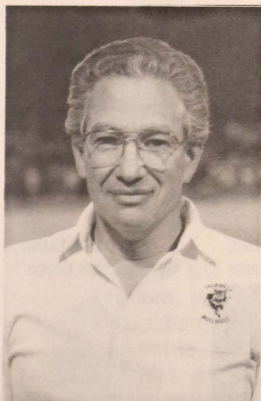

Throughout the years the Vacaville High School Athletic Department has produced winning teams. Our tenacious competitiveness and sportsmanlike ways have made the Bulldogs one of the most respected programs in the area.

The Bulldogs are committed to excellence! Our outstanding athletic programs offer many opportunities to achieve this goal. Excellence is not something that a school program or even an individual achieves alone. It is accomplished by working together and striving to be the best one possibly can be.

This year more than ever, we owe special thanks to the many parents, students and community members who freely volunteer their time, hearts and energy to make our program a success. Without this support the opportunities for our students to participate in sports would be greatly curtailed.

Through this cooperative spirit of student, parent, coach, faculty and community moving toward this common goal of excellence, we can share in the accomplishments of our students on the field, in the classroom and around the community.

A Message from the Doc

DR. RON RUSHFORD
Team Doctor

Welcome to Vaca High athletics! Welcome to the excitement of high school competition and the vacarious thrill of a son, daughter, or that of a neighbor holding high the school colors.

For fifteen years I've been continuously aware of our fine coaching staff and their commitment to the total development of the athlete. Whether it is baseball, basketball, football, soccer, cross country, track, swimming, tennis or wrestling, physical fitness and mental discipline are the successful athlete's story. Athletics and its cousin, physical education, instruct the student to respect their bodies and balance intellectual activities, stress and physical exercise. How many of us have maintained that balance? Yet, we know that successful rehabilitation programs for weight control, heart and lung disease or stress emphasize exercise. It represents self-discipline and the best that we understand about good health. Your presence here, your support of Bingo night and sports' raffles all attest to your unending support.

As we start a new season let us renew our commitment to support our teams, our coaches, our physical education instructors and their programs. Our students' futures depend on it!

BOB PRICE
President

The Vacaville High School Quarterback Club would like to thank all of our old and new members for their continued support of our outstanding athletic program at Vaca High. We are extremely proud of our excellent coaching staff and student athletes for bringing recognition and honor to our school and community.

The Quarterback Club has committed itself over the years to help support all sports with the Annual Season Banquets and their awards. Over the past years the Quarterback Club has acted as a supplemental program in aiding the athletic program with support above and beyond its normal budgeting needs. e.g. baseball pitching machine, track liner, wrestling scale, renovation of equipment, transportation Van, storage lockers, video tape machines, scoreboard, transportation costs, track refurbishing, field installation, field lighting and many more other items totaling thousands of dollars.

All of this support continues to be generated by Youth Sports Bingo on Wednesdays at the Vacaville Community Center. Quarterback Club memberships, Quarterback Business Boosters and the untiring voluntary help donated by parents, students, coaches and community members help make this program a great success.
